

## **JOB DESCRIPTION**

### **MATHS TEACHER**

**REPORTS TO: HEAD OF MATHS AND ASSISTANT HEAD TEACHING & LEARNING**

#### **MAIN PURPOSE:**

To support the Head of Maths in the teaching of maths across Years 4 -6, inspiring a love of maths within all pupils, developing competent numeracy skills and pupils' ability to problem solve and apply mathematical concepts. Contributing to all departmental administration and the development of the maths curriculum and scheme of work. Preparing children suitably for all transfer tests to senior schools in Year 6.

#### **RESPONSIBILITIES:**

##### **MATHS TEACHER ROLE:**

1. To inspire maths teaching across your classes, setting high expectations for standards of numeracy.
2. To follow departmental administration and guidance (Department Handbook and Development Plan) and contribute to annual reviews and updates.
3. To teach engaging maths lessons which blend the National Curriculum with 11+ requirements and ensures suitable progression from year to year.
4. To ensure that the maths curriculum is accessible to all pupils from those with SEND to those needing extension and scholarship preparation.
5. To attend departmental meetings and offer advice and support on the teaching of maths to all colleagues within the department.
6. To keep up to date with any developments in the teaching of maths and share these within the department, particularly with relevance to 11+ and senior school entrance examinations.
7. To assist with maths based inset to colleagues.
8. To offer enrichment activities and opportunities linked to maths. (Themed weeks and STEM activities)
9. To liaise with neighbouring schools through maths focused activities and competitions and develop partnership and charitable benefit opportunities.

10. To recommend suitable IT resources to support the teaching and practice of maths for teachers and pupils.
11. To promote the subject and pupil achievements through the school's marketing channels and information sessions to parents.
12. To demonstrate a willingness to attend Maths Inset and courses with a view to training to become a future Head of Maths.

**TEACHING:**

1. To teach inspirational maths lessons to different sets from Y4-Y6.
2. To prepare children suitably for any assessments they will face for transition to secondary schools, including scholarship preparation and support.
3. To offer booster and extension classes where required.
4. To integrate assessment effectively into teaching and learning within the subject and keep a record of pupils' progress.
5. To demonstrate a passion for maths that will enthuse pupils, parents and colleagues.
6. To provide appropriate progress reviews to parents through reports and attendance at parents' evenings.
7. To plan and mark as per the school's stated policies.
8. To set homework and independent tasks as required.
9. To utilise technology and practical resources appropriately within your teaching to extend and reinforce pupil understanding and application of maths concepts.
10. To contribute to setting discussions.

**BROADER RESPONSIBILITIES:**

1. To support the aims and ethos of the school and carry out the school's strategic plan.
2. To contribute to the school's pastoral care and show a commitment to safeguarding and pupil wellbeing, which may involve a form tutor pastoral role.
3. To contribute to the school's co-curricular and activity programme, maybe including involvement in residential trips.
4. To act professionally and as a role model at all times in line with the Teaching Standards and school expectations.
5. To treat all members of the community with fairness and respect.
6. To carry out duties as and when required.
7. To attend all meetings, inset and parents' evenings as directed.
8. To engage in the school's appraisal process and show a willingness to participate in CPD.

This is not an exhaustive list and may be reviewed and amended at the discretion of the Head and Senior Leadership Team.
